

**LIGHT WEIGHT  
PLASTIC PALLET**

*Unique Solution forever*

Unique

# EXPORT PALLET

Solutions

Light Weight Only 3 kg to 6 kg

High Load Bearing Capacity Up to 1500 kg

Complies with ISPM-15 Norms

Hygenic, Fungus, Termite proof

Recyclable Eco Plastic

Tested As per IS-6219

## 4 WAY ENTRY NON REVERSIBLE PLASTIC PALLET

### Medium Duty Non Rackable

Sr. No	Size of pallet (mm)			Model No	Weight of pallet (Kg)	Load Capacity (Kg)	
	Length	Width	Height			Static	Dynamic
01	1100	1100	140	SIP-E4-1111M	3.5	1000	500
02	1140	1140	140	SIP-E4-1414M	3.5	1000	500
03	1165	1165	140	SIP-E4-1616M	3.5	1000	500
04	1200	1000	140	SIP-E4-1210M	3.25	1000	500
05	1200	800	140	SIP-E4-1208M	3.0	1000	500

### Heavy Duty Non Rackable

Sr. No	Size of pallet (mm)			Model No	Weight of pallet (Kg)	Load Capacity (Kg)	
	Length	Width	Height			Static	Dynamic
01	1100	1100	140	SIP-E4-1111H	4.0	1500	750
02	1140	1140	140	SIP-E4-1414H	4.0	1500	750
03	1165	1165	140	SIP-E4-1616H	4.0	1500	750
04	1200	1000	140	SIP-E4-1210H	3.75	1500	750
05	1200	800	140	SIP-E4-1208H	3.5	1500	750

## 2 WAY ENTRY NON REVERSIBLE RACKABLE PLASTIC PALLET

Sr. No	Size of pallet (mm)			Model No	Wt of Pallet (Kg)	Load Capacity (Kg)		
	Length	Width	Height			Static	Dynamic	Racking
01	1140	1140	140	SIP-E2-1414	7.5	2000	750	750
02	1165	1165	140	SIP-E2-1616	7.5	2000	750	750
03	1200	1000	140	SIP-E2-1210	7.0	2000	750	750
04	1200	1200	140	SIP-E2-1212	8.0	2000	750	750

Our Light weight pallets are total export palletized packaging solution that offers major advantages like light weight, low-cost, and well-suited to minimize weight in transportation, especially for air freight and cargo ships. Our Export Pallets compiling with ISPM15 norms of exports & also meet all standards of packaging measures; it is a cost effective, hassle-free alternative to chemical-treated wood pallets. These pallets are manufactured from Expanded Poly Styrene (EPS) and High Impact Polystyrene (HIPS) that offers being a great benefit of light weight. The pallets are recyclable in nature, a property which makes them environment friendly.

### Features

- ◆ Light weight ranging from 3 to 6 kg, reducing the freight charges.
- ◆ Light weight but high load bearing capacity.
- ◆ International standard design & sizes, acceptable worldwide.
- ◆ Compiling the total requirement of ISPM-15 norms.
- ◆ No need for fumigation or heat treating process.
- ◆ Hygienic contamination resistant surface.
- ◆ Safe to use easy to lift, no splinters or nails.
- ◆ Environmental friendly, recyclable material.
- ◆ Tested as per IS 6219 of 1989 standard.
